An alternative to the traditional 80/20 mix for golf greens

- Produces a fine, dense sward
- Tolerant to close mowing
- High disease resistant and hard wearing
- Good wear tolerance
- Year round colour
- Excellent for top quality golf greens, tees, surrounds and approaches

**Alternative to the traditional 80/20 mixture – for construction, overseeding, renovating and repairing high quality greens and tees**

This mixture is treated with Headstart® GOLD
